

# *Solidarity With The Silent Ones*

In late July of 2012 our friend Steve received a phone call from a man identifying himself as a FBI agent. He was told that a subpoena had been issued for him to appear before a federal Grand Jury investigating the vandalism of the Kenzo Nakamura Court of Appeals. This phone call happened in conjunction with three other people being served subpoenas in Olympia and Portland, as well as house raids in Portland. Although Steve is a well known anarchist in the Northwest, who has been subjected to state harassment before, up until this moment he has not been served or indicated as a suspect of the ongoing investigation against anarchists.

However, his life has been severely impacted by the course of events. He has made the choice to leave his former life behind in order to reject the Grand Jury on his own terms. This means that Steve has gone without face-to-face contact with his family, friends, and loved ones for many months.
